

Gunnar Hasse, BSc
Senior Associate

Short CV

Overview and Career

Captain Gunnar Hasse

started his airline carrier flying for Hapag Lloyd Flug at the age of 22 on Boeing 737.

He then joined LTU Airways flying Boeing B757/B767 and Airbus A320/A330.

Later he became captain on Boeing B737 and is presently serving on Boeing B777F for Aerologic, a Lufthansa Cargo and DHL joint venture company, on a worldwide cargo network.

He is an instructor and examiner for the Boeing B737, Boeing B777, and the Airbus A320 series.

In addition he has held appointments in airline management positions, for flight operation and training.

He holds a Bachelor degree in aviation science issued by the Embry Riddle Aeronautical University, graduating with the topic "Analyzing and Evaluating the Challenges of Training Implementation based on EASA Upset Prevention and Recovery Training Regulation".
